Reasons For Allowance

The following is an Examiner's statement of reasons for the indication of allowable subject matter:

The basis for the allowability is :

Prior art of record does not teach a semiconductor device formed on a semiconductor substrate having bit lines, first conductive plugs, second conductive plugs, and word lines and characterized by a minimum line width "F", and a minimum spacing width, and a cell size of less than $8F^2$, parallel rows of active regions of minimum line width and a basic rectangular shape arranged in the semiconductor substrate with adjacent active regions being separated by the minimum spacing width, parallel columns of word lines of minimum line width arranged in a direction perpendicular to the parallel rows of active regions with adjacent word lines being separated by the minimum spacing, the word lines being positioned to that two word lines cross each active region leaving three uncovered portions, a center portion and two end portions, in each active region; an insulating film formed between the word lines, first conductive plugs positioned between adjacent bit lines and contacting an uncovered portion of an active region, an interlayer insulating film formed above the first conductive plugs, bit line contact plugs positioned above, partially overlapping, and in contact with the first conductive plugs, and parallel rows of bit lines of minimum line width arranged in a direction parallel to the parallel rows of active regions with adjacent bit lines being separated by the minimum spacing, the bit lines being positioned to partially overlap and contact the bit line contact plugs.

Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably **accompany** the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
